HV Type

**STRIKING 17" ALLOY WHEELS (ALL TYPE)**

Attract the world with a new remarkable 17-inch Alloy Wheels design that leaves a stunning impression on the road.

Toyota's mission in continuously making "Ever Better Cars". The improved car's core strength components enhance the vehicle's performance and emphasize car personality that accentuates every model's unique features.

**AGILITY**

Optimization of wheel motion gives better steering responsiveness and a more comfortable ride.

**STABILITY**

Reduce flexing movements to deliver a stable driving experience in any road conditions.

**VISIBILITY**

Comfortable driving moments are created by the excellent visibility, broad space, and openness feeling.

**LOW CENTER OF GRAVITY**

Ensures precise handling and agility to facilitate a comfortable driving experience.

## RCTA (HV TYPE) & BSM (ALL TYPE)

Ensure your safety with Rear Cross Traffic Alert that detects approaching vehicles from the rear side. Moreover, The Blind Spot Monitor identifies every object on the vehicle blind spot area using radar technology.

## CLEARANCE SONAR SYSTEM (ALL TYPE)

Six ultrasonic sensors are located in the front and rear side to identify vehicles and all static objects nearby that could cause a potential collision.

## SAFETY SENSE (HV TYPE)

### PRE COLLISION SYSTEM (PCS)

Integrated camera and radar system that helps to reduce crash risk and damage in a frontal collision.

### DYNAMIC RADAR CRUISE CONTROL

Detects a preceding vehicle and follows within a safe distance, therefore reducing the fatigue of long driving.

### LANE DEPARTURE ALERT w/ STEERING CONTROL

Support and assist the driver in avoiding unintended lane departure, with visual and audible alert plus slight steering force.

### AUTOMATIC HIGH BEAM (AHB)

Automatically shift from high to low beam to help drivers maintain safe driving.

## LANE TRACING ASSIST (LTA)

### LANE DEPARTURE ALERT

A sound buzzer and display on MID will be informed to the driver when the system detects the possibility of potential lane departure.

### LANE CENTERING

The system assists the driver with some of the steering necessary for driving the current lane while the dynamic radar cruise control is on.

### STEERING ASSIST

When the system judges that there is a possibility of the vehicle's deviating from its current lane or road, in addition to activating the Lane Departure Alert function, it will also apply force to the steering in order to assist the driver in avoiding lane departure.

## Tintouch Live Connected

An integrated solution that you can access through mTOYOTA application. Giving you comfort, providing peace of mind, and keeping you stay connected with your car. (All Type)

### SAFETY & CONVENIENCE
